**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew Wright on 1-25-2010.

The application has been amended as follows:

In the claims

Claim 13 "pass phase, wherein the contiguous output bins are one of touching and adjacent." has been changed to - pass phase.- -

2. The following is an examiner's statement of reasons for allowance: The prior art does not anticipate or render obvious the use of contiguous output bins with different output groups as required in the second pass phase by each of the independent claims. While the Board of Patent Appeals and Interferences did maintain the rejection of certain claims with regards to the Walach reference examiner notes that applicant's arguments along with amendments to certain claims in the reply filed with an RCE dated 1-4-2010 have overcome these rejections. In particular the question of contiguous output bins was not raised in front of the Board relative to the Walach reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Hageman whose telephone number is (571) 272-3027. The examiner can normally be reached on M-F 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patrick Mackey can be reached on (571) 272-6916. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
